To apply, please send your resume to resumes@barlettaco.com

We are currently seeking qualified candidates for a full-time Site Safety Manager for a heavy civil construction company within the Boston Metro/Providence Metro areas.

SITE SAFETY MANAGER

Core Responsibilities:

- Site Safety Manager will be responsible for enforcement of all local, State and OSHA standards and practices as well as compliance with Company health and safety policies and procedures on assigned project.
- Conduct site-specific job hazard analysis.
- Conduct on-site safety inspections.
- Conduct initial employees' site safety training.
- Completion of new and reoccurring courses to stay current with regulations and regulatory changes.
- Work plan reviews.
- Prepare and present weekly information and training meetings for all project personnel.
- Perform project inspections and audits.
- Responsible for accident/incident investigation and reporting.
- Be able to proactively influence and establish positive working relationships with Owner, unions, subcontractors and other company employees.
- Support the company's Safety Program and participate in Safety training and meetings.
- Assist Safety Team with overall administrative and technical duties as assigned.

Experience/Education:

- BS in safety related studies.
- Minimum of 5 years of experience in heavy civil construction.
- Must have evidence of OSHA 10-hour and OSHA 30-hour training completion, in addition to First Aid/CPR certification.
- Or equivalent combination of education and work experience.

Knowledge, Skills, and Abilities:

- Familiarity with local and federal regulations for construction.
- Must be detail-oriented, organized, flexible, and able to effectively multitask while working in a fast-paced environment.
- Extensive experience with Microsoft Office.
- Possesses excellent time management and prioritization skills to ensure deadlines are met while providing accurate documentation.
- Possess valid driver's license.
- Ability to work extended hours, nights, and weekends as Project Schedule demands.
